Entrepreneurial Project – AI Infrastructure for Hedge Funds

Jul. 2025 – Oct. 2025

- Noticed a gap in AI Infrastructure market for hedge funds (\$255M gross revenue business with one incumbent provider, limited value-added reseller competition).
- Gained industry knowledge through 4 months of deep research, cold-calling, attending industry conferences and connecting with leaders across AI infrastructure and quant researchers.
- Built TCO financial models for 10,000 H100 GPUs, assessing capex, opex and unit economics.

Work Experience

AI Supercomputing Center HK – Research Intern

Aug. 2025 - Sep. 2025

- Conducted performance benchmarking of AI workloads on MetaX C500 GPUs (1 node, 8 GPUs, 64 GB vRAM per card). MetaX uses a CUDA-Compatible stack.
- Optimized PyTorch scripts to test inference performance of models, including Llama-3.3-70B, Llama-3.2-1B, and Stable Diffusion v2.1, achieving an inference speed of 27.1 token/s for the first model.
- Supported solutions architect team, gaining knowledge in data center, servers, vendors.

Bank of America – Rates Sales Associate

Jul. 2021 - Apr. 2025

- Consecutively ranked for 4 years in the **top quartile** of the analyst batch in Asia.
- First in BofA Asia FICC to attempt a convolutional neural network for USD/THB analysis, gaining insights despite model challenges.
- Earned **early promotion** in recognition of strong performance; generated >\$1M in sales commission in 2024. Improved Asia IRS franchise to Top 3 among 10 dealers.
- Analysed Asia rates to produce daily macro commentary/trade ideas for hedge fund clients.
- Developed a database for capturing RFQs to produce real time sales analytics. Sales & Traders use this tool to identify market patterns and improve pricing for target clients.

Education

University of California San Diego

Sep. 2025 - Current

MS in Data Science

The Hong Kong Polytechnic University

Sep. 2017 - May. 2021

BBA (Hons) in Accounting and Finance, First Class Honors

- **Awards: 1st in a cohort** of 220 students (Outstanding Student Award 2018), Dean's List, PolyU Full Entry Scholarship, WIE Scholarship

Yale University Summer Program

Jun. 2017

- Sole recipient (Asia) for travel & tuition scholarship worth \$7000 USD
- International Affairs & Security, Yale Young Global Scholars

Bina Bangsa High School - Top in the World AS Level Mathematics

Jun. 2014 - Jun. 2017

- **Highest standard mark in the world for Cambridge AS Level Mathematics**
- 4A* in A-Levels Cambridge Examinations
- A-level: Maths (99), Physics (93), Chemistry (95), Computer Science (90)

Languages, Skills & Interests

- **Languages:** English (fluent), Indonesian (fluent), Mandarin Chinese (basic)
- **Technical skills:** Excel VBA, Bloomberg, Python, Latex
- **Interests:** Books (The Sovereign Individual), Humour (Impractical Jokers)
